STRAIGHT BOURBON WHISKEY

ORIGINS SERIES RELEASE

ALC./VOL: 59%

Laws Whiskey House is a grain-to-glass distillery in Denver, Colorado that applies a “there are no shortcuts” philosophy to each batch of whiskey produced. Each batch is milled, cooked, fermented, distilled, and aged on-site, utilizing heirloom grains from family-owned Colorado farms. The practice of open air, on-grain fermentation captures the essence of Colorado’s terroir while the copper pot-column still produces a robust, grain-forward style of whiskey.

The 2022 ORIGINS Series Release INTENTION is about setting an ambition and achieving it. We sought to create a whiskey with intricacy and balance by marrying barrels of different ages. INTENTION is our first vertical marriage of Four Grain Straight Bourbon, bringing together whiskey ranging from 3-10 years old at cask strength. Younger and older barrels create harmony with our signature grain character and rich barrel notes. We hope you enjoy the thrill of seeing this plan come together with INTENTION, the first of an annual ORIGINS Series tradition.
